

Targeting exports in United Arab Emirates and Kingdom of Saudi Arabia?

Join the ISMEF export support program for Estonian and Finnish SMEs.

This is an open call for Estonian and Finnish SMEs that plan to expand their business to the UAE and/or the KSA markets. The services and activities to support SMEs exports are carried out as part of the ISMEF project by ITS Finland and ITL/ITS Estonia.

Who are we looking for?

We are looking for Estonian and Finnish SMEs operating within the **smart mobility and logistics sector** and related ICT service providers that plan to expand their business to the UAE and/or the KSA markets.

You have

-  Previous export experience
-  Time and resources to pursue new markets
-  Willingness to explore synergies with other Estonian and Finnish counterparts

Our services for SMEs

Workshops

We facilitate finding synergies between Estonians and Finnish SMEs and creation of joint offerings for the target markets.

B2B and B2G meetings

With the support of an external expert, we secure you with meetings with the relevant clients and partners in the markets.

Joint market visits

We prepare target markets visits and arrange opportunities for networking and meeting new partners and clients.

Market information and training

We delve deep into the local market dynamics and opportunities to equip companies with essential insight for effective market entry.

Marketing support

We assist companies in introducing their products or services, facilitating market penetration and brand awareness.
